2014 Distinguished Lecture Series

Reprogramming Within the Pancreas and Endoderm: Biological-Therapeutic Connections

Christopher Wright, D.Phil.

Director, Vanderbilt University Program in Developmental Biology
Professor, Department of Cell and Developmental Biology
Vice-Chair, Faculty Affairs, Cell and Developmental Biology
Louise B. McGavock Endowed Chair, Cell and Developmental Biology

Tuesday, May 6, 2014
11:00 a.m. – noon

NIEHS Building 101, Rodbell Auditorium
111 TW Alexander Drive
Research Triangle Park, N.C.

Host: Anton Jetten, Ph.D.

Individuals with disabilities who need accommodation to participate in this event should contact Barbara Dietz at 919-541-3206 or dietz1@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800-877-8339. Requests should be made at least 5 business days in advance of the event.

Any individual seeking access to the NIEHS campus will need to be prepared to show a photo ID (e.g., driver's license, or a company, government, or university ID) and provide pertinent information about the seminar (e.g., name of the speaker, host, or title of the seminar).
